General Report Comments: Hugh and I Elani arrived at the property and saw the front gate open. We tried calling the owner but her phone went to voicemail. We then went inside and knocked on the door.

The housekeeper was home and aware of us coming. She gave us access and showed us the inside of the house. The house is a double story, large and very clean. She showed us where they keep the cat good, water bowls and scratch post.

They have one cat and the kids argue on who gets to sleep with the cat in the evenings and therefore they want a second cat.

As we spoke the ginger neutered cat came inside and was in very good condition.

They have a small pool in the backyard and their house has electric fencing around the property.

The housekeeper is there every day and can keep an eye on Eva.

They leave the windows open for th e cat to go in and out of the house in the evenings.

Homecheck passed.

To do post home check in a years time.
