General Report Comments: Hugh and I, Elani arrived at the property and met with Rod.

They have a massive corner property. He opened the house and we saw that his 3 dogs were kept inside the house whilst he is working. There were different beds, food bowls and water bowls inside the house. More than enough for all of them. The dogs were in very good condition. The dogs are potty trained and has roam of the entire yard and the house when the owners are home.

They have a pool and a pond, which are both fenced. He uses WAHG veterinary services for his animals.

Very nice house.

Home check passed for Penny.

To do post home in a year.
