General Report Comments: Hugh and I arrived at the property and Jane was home. She explained that she bought the right bird food but they havent cleaned the cage yet as their worker did not pitch up for work over the weekend to do it.

I then explained that they are responsible for the bird and can clean it themselves. Jane said but her grandson needs to study. I told them he can take a 30 minute break to do it. The bord also has no environmental enrichment. I told them if they dont want the bird they can surrender it.

I then issued a warning to:

- 1) Th African Grey cage has excess built up faeces. Ensure to clean the can properly within 48 hours. I advise yo use newspaper at the bottom of the cage.
- 2) Ensure to provide environmental enrichment for the bird within 48 hours.

Jane signed the warning. To check clanliness and toys within 48 hours
