General Report Comments: Hugh and I, Elani arrived at the property and introduced ourselves to Maurine who was home. We explained why we were there and she got upset as she claims she knows it is her neighbour that complain d about her dogs. She claims the complainants dog always run in the road and bites other dogs etc.

She allowed us inside. She has two dogs that has free roam of the entire yard. They have a semi enclosed stoep that provides adequate shelter against the elements. The dogs had access to water.

The collie recently had puppies and was lean. We then edicated the owner about our sterilization services. She was very interested. I also educated her about brushing and cutting matted hair off of the Collie if it gets worse. She inderstood.

We then gave her an information pamphlet so that she can book an appointmeny for sterilization .

No welfare voncerns were observed.
