General Report Comments: Hugh and I, Elani arrived at the farmers houses at Indigo Berries. We have been here before to collect unwanted animals. We did a walk through by all the houses to see whether the animals are fine. Most of the dogs on chains were already on running chains. Minor issues were found.

We met with her first and saw that they have two dogs of which the brown pitbull x was on a running chain. However, he had the chain as a collar and a metal drum as shelter.
I issued a warning to her son which D Abrahams signed for to:
1) Provide the brown dog with an adequate collar/ piping around the neck within 7 days.
2) Provide the brown dog while adequate shelter as the current shelter is inadequate within 7 days.
D also surrendered her cat to us.

We then saw her neighbours Sharpei was on a running chain with everything he needs but tangles himself around the tree. We then got the owner and moved the shelter next to the tree to prevent this from happening.

Sophie Fransman
She surrendered 3 of her puppies over to us. She still wants to surrender the mother dog.

There was a Pitbull and Jack Russel that was on running chains and had everything their need.

Mariette Willemse, 0842697698, ID 8412090192088
She owns a pitbull named Lucy was on a static chain with water and shelter. I issued a warning to:
1) Provide Lucy with an adequate running chain as discussed within 7 days

To follow up within 7 days
