General Report Comments: I, Elani arrived at the property and met with Bonita. I explained why I was there and she gave me access to the house. They own 4 sterilized cats and one dog that has everything that they need.

She then took me to the room with the two mother cats and 10 kittens. They were kept in the front room and had litter trays, boxes, food and water. Two of the cats were extremely skittish. She has food, kitten milk and enough for the cats she is looking after.

She told me that she is fostering the cats for Pawrent amuntil they find homes. This makes the situation difficult as she found homes for most of them already and gave me the details as seen attached.

This is solely a Law Enforcement matter as I am not sure what the bylaws are with regards to fostering.

Referred to Law Enforcement for further investigation.
