General Report Comments: I,Hugh arrived and I noticed the person walking with the dog.When I arrived I greeted the owner and introduced myself.I explained to him why I was there.He told me that his dog is trained and well looked after.

I could visibly see nothing was wrong with the dog the weight was correct and he explained that he was on his way to get water for his dog since he had just ran out.He then went to the swimming pools which was walking distance away.

I accompanied him in filling the water bottle.i then educated him and told him that he always has to have water and he agreed.
