CHECKLISTS

General Report Comments: I,Hugh arrived at property and was greeted by one of the tenants.I explained to her that I was there to do the home check and she granted me access.

I first asked her whether they had any animals and she said no.She also mentioned their cat passed away a year ago and she was 19 years old.I then walked around and noticed the back area which was separated from the back.They had no hazardous material and no pool.

I then educated them and told them that they would have to keep the cat inside for atleast a month.She also showed me the area where they will be keeping the cat.

Overall I'm happy and approved the homecheck.
