General Report Comments: I arrived at the ptoperty and called Marilene. Her phone went to voicemail. I then saw somebody come outside, it was Marilene.

She opened the gate for me. I introduced myself. They have a farm house and a lovely large home with no animals at the moment. They recently euthanized their animals because of age.

I educated them to keep the cat inside for about a month to get used to the environment. They agreed and understood this. They usually use WAHG in Wellington as a veterinarian.

Marilene is home most of the time as she is retired. Her husband and she wants this cat and still has their previous cat's litter tray and bowls.

She is petsitting her sons pointer this weekend and will come and fetch Pudding next week anytime from Monday
