General Report Comments: Hugh and I, Elani arrived at the property and saw a vehicle reg no. CN16904 parked outside.

We called out and the owner named Gregory came out and gave us access. He was surprised that someone complained about his dogs that has been chained for four years.

He took us to the back and we saw two pitbulls, a male and a female on heavy chains with a kennel and water bowls each. The brindle and white dog is slightly underweight as she is older.

We then explained to him why the dogs need to be on a running chain. The driveway is open to the road so the dogs can run out of left free roaming. They also fight with each other. He already has thick wire in his yard to build this and just needs more metal pens.

We also advised long term, he can build enclosures for the dogs instead of having them on chains. We also advised that when he builds the runner, he can shorten the heavy chain. We showed him how and where to possibly set it up and he agreed that we can come back Friday.
