General Report Comments: I,Hugh arrived at the property and called from the gate.Christo's mother arrived and I greeted her and explained to her that I'm just here to do a follow up as the dogs they signed over was not in the best condition.She then agreed and allowed me access.

I then went inside and asked the age of one of the older dogs.She then called her son Christo and he arrived.I then greeted him and explained to him what I was there to do.He then agreed and I asked him about the ticks on the puppies.He then explained that the dogs they surrendered over was always roaming the streets and brought the ticks there.He then mentioned that they had bought karbadust(see in photos).I then asked to see the puppy and could see that the puppy was still a little young which I explained to them.He then brought the puppy milk which they had bought.I was then pleased.

I then asked them if the dogs that do sleep outside have a kennel.He then showed me the back area and there were 3 kennels.I was then pleased with the water and food bowls also filled.
