General Report Comments: I, Hugh arrived at the property and waited for Gert to arrive. He then arrived and I got out to greet him and introduce myself. I then explained to him that we had missed the opportunity to come speak to him the day before as we are quite busy at the moment. He then understood and allowed me access to the premises.

I then walked inside and could see from the outside there were many rubble and things on the premises. I then walked towards the dog and could see the dog was on a static chain. I then explained to him that he would need to build a runner and I could see the dogs water bowl wasn't too clean. He then changed the water bowl and I then left to write him the notice to comply. As I was writing I noticed a smaller dog running from a different direction to greet him. I then asked who's dog this was and he said it wasn't his. It's just a dog that's in his care for the day.

I then explained to him that we will be back for the runner and notice to comply 007 was written to:
-We noticed that Tiger was on an adequate length static chain.
-Ensure to put Tiger on a running chain within 7 days.
-Ensure to clean water bowl immediately.

To follow up on Wednesday.
