General Report Comments: I, Elani arrived at the property and met Rikus. The first thing I noticed is that they own a Mallinois that isnt necessarily friendly towards cats.

Rikus then mentioned that one of their farm workers brought a kitten to them that they are keeping inside the house and he is not sure whether they will go forward with the adoption process. Dakar was left outside as we went inside to see the qelfare of the kitten. They already had a litter tray, cat food, a bed and toys for the kitten.

The kitten and Dakar is not sterilized. When I asked him about this, he said he wants a female Mallinois and breed with them. I educated him with regards to security companies and dogs enfing up by us and Mallis that easily get kennel stress because of their high energy.

The Angus cow was also legt in an envlosure without shelter but shade of trees and the envlosure was filled with faeces.

Because of these rules, I denied the home check as there are too many risks.

Pre home check failed.
