General Report Comments: Elani and I,Hugh arrived at the property and called from the outside but it seemed no one was home.We could then see the white and brown pitbull in the front who looked in poor condition .

We noticed that he had two lumps on the side seemingly cancerous .We also could see he had trouble walking but seemed aggressive.

We could see that there was another dog in the back area also looking old from a distance in better condition than the white and brown pitbull.

We then saw another dog in the back area who was seemingly younger .
