General Report Comments: Elani and I,Hugh arrived at the property and waited for the owners.They then arrived and we greeted them.They then gave us access and we walked through.

We could first take a look at the beagle and could see he was in good condition .They then went and got the cat named mango.We were pleased with the way the environment was set up as they had already got things for the animal they want to adopt.

Homecheck approved.

To follow up in a year
