CHECKLISTS

General Report Comments: Hugh and I, Elani arrived at the property and met with Labiba. We ignored her why we were there and told her that we will record the conversation. She knew why we were there when she saw us. She explained that Sunday morning at around 3 am she and her husband heard a commotion outside with Boesman. Her husband chased him out of the yard but Boesman came back to the stoep area where their cats are being fed. He then killed a cat. Jalaal intervened and Boesman turned to bite his leg. According to Labiba, her husband then kicked Boesman and she heard the dog yelping and running away back home. The owners then argued with each other. I then asked her for proof of medicine. She said Jalaal went to get medicine by Clicks the Sunday and showed us the cream and bandages bought. I asked her to send us a photo of Jalaal's leg as proof as well. I asked where the cat was buried and she couldn't show me as the gardener apparently did it. I also then explained that they can either save up and sterilize their cats or surrender a few and get the others sterilized. She said the one cat inside the house is already sterilized. They might also need assistance with cat trapping as some of the cats are quite scared. We gave her our information leaflet. To follow up on a photo of her husbands leg on monday.
