General Report Comments: Elani and I,Hugh arrived at the area and drove around in order to hear any sounds. We then tried looking out for two black pitbulls as we could not hear anything. We then found a house with two black Labradors but not any pitbulls.The owners then came outside and we had a chat with them.They mentioned they had not heard anything and we could not hear anything either.They then directer us to another house with two pitbulls but brown ones.

We then went and called from the outside they then came outside .They then mentioned that they had been at home the whole time and the dogs had been in the house. We then asked whether they know about another house with black pitbulls and she referred us to a house with Rottweilers.

We then arrived at the house and called the owner from outside the house .She then came outside and we explained to her what we are there to do.She then mentioned she had not heard anything.
