General Report Comments: Hugh and I, Elani, arrived at the property and there was a few people inside the property. Two men were outside and kids and people outside the property. When asked where the owners was, they said the son and owner is in town.

We saw the girl that was there the previous occasion and she said noone is home and nobody has their cellphone number. The people laughed and didn't want to answer any of our questions about the dog. Somebody was inside the house and didn't want to come out. The woman claimed it was her brother. They were quite obstructive. Therefore we decided to rather leave and do a full check at the end of the 7 days. If there is no compliance at all by then, I would rather get a court order for TJ as he is in very bad condition and emaciated.
