CHECKLISTS

General Report Comments: I, Elani arrived at the property and saw that a rjnnng chain was puilt but Mason was not outside. An african woman went inside the house to call Jermaine.

After a while he came out and said Mason is onside the house. He built a running chain and said a collar didnt work with Mason. I suggested piping around the neck. The one we gave broke.

The owner also mentioned that Mason has a cough, is not eating and slime is coming from its throat. The most I could do was to suggest buying Alcophyllex . Giving 2.5 ml for a pitbull 3 times a day was suggested .

Owne complied.
