General Report Comments: Elani and I,Hugh arrived at the property and was greeted by Pierre Kriel. We then went inside and he admitted to leaving the gate open at certain times as he forgets. We then explained to him that it would be the best possible solution to build a double gate.He then agreed and mentioned that he would only be able to do that on month end.

We then agreed but also noted that we should have a solution for time being .We then decided to drill a hole inside wooden side of the gate and put some wire through it just to make sure the gate is secured.

Notice to comply 008 was then given to:

-As discussed,please ensure to build an extra/second fence to ensure that Tessa does not run out of the property by Friday, the 31st of January 2025.

-In the meantime you can place an additional chain and lock on the current Gate to ensure Tessa does not open the clip on the gate.

Follow up on 31st January.
