General Report Comments: Elani and I,Hugh arrived at the property and Velia Hartnick gave us access.We then explained to her that we were there to see Max.She then took us through.

We then noticed that Max had been limping even worse.We then explained to Loretta who is one of the tenants.We then explained to her that the owners of Max should take him to the animal hospital for x rays as his legs does not look too good.They also have the option to surrender him to us.They then said they understand and will give the message to the owners.

Warning 061 was then issued to:

-Provide Max with veterinary treatment within 4 days.He is still struggling to walk and needs to go for x rays to determine the severity of the damage to his leg.
-You have the option to surrender Max to the Wellington SPCA.
