General Report Comments: I, Hugh arrived at the library and saw the dog. I then entered the public premises and saw the security guard sitting under a tree.

I then approached him and introduced myself. I then asked him how many hours the dog works for and he mentioned the dog works from 8am until 4pm. I then explained to him that there should at least be 3 sided shade cloth and a kennel to protect Rushka from the elements. He then agreed and I asked him when they will be able to get these things done. He then mentioned we can come back by Monday. I then asked him for his psira card and he then mentioned that he does not have it with him at the moment. He also mentioned that he does release the dog after 3pm when there are less people of the public.

I then issued Notice to comply 010 to:

- Provide the kennel enclosure with shade cloth on three sides within 76 hours.
- Provide Rushka(dog) with a kennel inside enclosure with waterproof roof to protect from the elements within 76 hours.
- Provide Wellington SPCA with employee dog handler training card and company PAPA license within 76 hours.

To follow up Monday.
