General Report Comments: Hugh and I went to Nabygelegen and spoke to one of the restaurant staff and asked where Spasie stays and where the workers' houses are. She explained to us that it is on the corner of the farm.

We went there and found the farm houses, about 8 in total.

- Simone Faro cell 0833922480, ID 0301110976083 (Spasie's house)

Staffie and Tiger belong to them. The puppy named Staffie was seen on a short static chain without shelter and water. Simone also showed me an enclosed kennel next to the house where they keep him that was filled with faeces. Their reason is that the puppy poops everywhere. I educated her about the white skin, what a running chain is and the collar. I gave them solutions for everything with what was in their yard.

I issued Warning 110 to:

1) Staffie was observed to either be chained/confined in a kennel without water, with excess faeces and limited space.

2) Ensure to provide Staffie with adequate shelter, running chain and an adequate collar within 7 days.

3) Ensure that all animals have access to water at all times.

4) Ensure to clean the dogs' living spaces within 7 days.

Brandon Bosman 0761844013/ Maria 0739407697/ Alena Bosman

They own Matt and Buddy. Matt belongs to Maria. They picked him up on the road and raised him.

They want to surrender him as he goes to the restaurant and the owner does not want that. Brandon called Maria and we confirmed with her that she wants to surrender him.

Buddy belongs to Alena Bosman who is working. Buddy was full of ticks and dirty.

I issued a warning for Alena to:

1) Provide Buddy with water at all times.

2) Provide Buddy with tick & flea treatment within 7 days and keep the packaging. Products are all available at pet shop Nexguard/ Bravecto.

We then inspected other animals belonging to Nicolene 0634922412 all of these animals were in good condition with no obvious concerns.

To follow up on animals' needs to be done within 7 days. Matt was surrendered
