General Report Comments: I,Hugh arrived at the property and called nicolene.I then greeted her and introduced myself.She then mentioned that she's not at home at the moment but sent her husband to come get me at the gate.

I then drove inside after he opened the gate and met up with him.I then got out,greeted him and introduced myself.He then allowed me access.I then went inside and saw the large area and was pleased.I then saw all the kennels and he also mentioned all the dogs will be inside the house aswell.We got to speaking and he mentioned all the cats and dogs are sterilized but one (katrein).I then asked him why she was not sterilized and he mentioned that he never felt the need to do it as all the other animals are sterilized.I then advised him that he should rather sterilize her as all animals must be sterilized.He then mentioned that he will come get a sterilize form from us.

Homecheck approved.
To follow up in a year.
