General Report Comments: Hugh and I Elani arrived at the property and met with Monika. They kept one of Amoriels puppies from the previous litter now named Muis. In total they have three dogs now. They refuse to sterilize Amoriel.

Because of this, she has 8 new puppies again. Monika explained that they don't want to keep any of these puppies. They have houses for them. I educated her again about possible sterilization of Muis in future and surrendering puppies if they do not find homes for them. She agreed and said she still has our number.

We cannot do much as there are no concerns with the welfare of the animals.

To give feedback to the complainant and let her inform Law Enforcement with regards of the number of animals.
