General Report Comments: Elani and I,Hugh arrived at the property.We were then greeted by one of the tenants.We then greeted her and she allowed us access.

We then went inside and looked at monsuki who was still not on a runner.We could see the shelter looks better and the area had been cleaned.We then asked why they had not built the runner and they mentioned that the owner of the property does not want them to.

We then called the owner of the property and explained to him what we expect from them .He then agreed.We then asked them by when they would be able to finish the runner and they said by the weekend.

To follow up Monday.
