General Report Comments: Inspector Elani and i, Trainee Inspector Hugh arrived at the property. We then went towards the door to ring the doorbell. Lindas sister in law then opened the door.

We then greeted her and explained to her that we were there in order to conduct a post home inspection on King. She then agreed and allowed us access. Upon entering the house we could see numerous water stations and food stations around the house.

We then saw Hansie laying in the living area comfortably. She then took us to the back area where king is kept and we saw Coco aswell both in good condition. Lindas sister in law then mentioned that King is a bit territorial and we should be a bit careful of him.

We then walked around and saw the kennel aswell as the dogs food/water bowls. We then asked what food the animals eat and she mentioned that they eat Montego Karoo which she showed us.

We then approached a room where Lizbit was and we noticed that she has only one eye which was removed through a vet.

Overall King looks in good condition and he looks well groomed.

Post homecheck approved.
