General Report Comments: Inspector Elani and I, Trainee Inspector Hugh arrived at the property. We then rang the bell and a pet sitter arrived at the gate. We then explained to him that we were there in order to conduct a home inspection on Jill and he allowed us access.

We entered the property and saw all 8 dogs roaming freely on the property as it was a large area. We then saw Jill and we were pleased by her condition.

The pet sitter then allowed us inside and he showed us all the bedding as well as water/food stations situated around the house. We were pleased as we also saw a pool in the back with a cover and rooms which the dogs sleep in.

Overall Jill is adapting well to her area and fits in well with the pack.
