General Report Comments: Inspector Elani and i, Trainee Inspector Hugh arrived at the property .Rudolph then allowed us access and we went inside.

We then greeted Rudolph who was waiting outside for us.We introduced ourselves and explained to him that we were there to do a post home on drogon and loki.He then took us to the back area and we saw drogon and loki who is now named thor and loki.We then saw that the living environment for them was clean and there was a pool which the owner mentioned that they just sit inside and dont swim.

He also showed us their kennel aswell as the montego classic food which they eat. We were the pleased as he also mentioned that they get taken for walks atleast 3 times a week by his two sons.

Overall Thor and Loki seems quite comfortable in their environment aswell as happy .

Post homecheck approved.
