General Report Comments: I, Elani arrived at the property and met with Leeanne and her kids who were at home.

They have a massive property with a massive yard. They have three dogs already of which all are sterilized, allowed inside and has beds and water bowls all over the property.

The dogs are really well taken care of. Leeanne works from home and only drives after her kids. They use Stellenbosch veterinary clinic and Envirovet when needed.

Ben was hit by a car a long time ago and the veterinarian did not amputate and treated instead. It is the left front leg. They are aware that he might get arthritis and they might need to amputate the leg in future.

This is a lovely home for dogs, not sure about cats as they do have an Anatolian Shepherd dog.
