General Report Comments: Elani and i,Hugh arrived at the property. We then saw the two landlords in the front and greeted them.The gentleman then asked why we were there and we explained to him why.He then allowed us access.

We went inside and we could see the yard was in bad condition .Erika then came outside and we saw the pitbull named alex on a static chain.

We then explained to her that we will not approve the homecheck due to the landlords denying permission,the pitbull on a static chain,no animals are sterilized and we cant place a dog where people will possibly harm it due to civil matters.

We then explained to her that alex should be on a running chain and she should fix the welfare concerns.She then understood.

Elani then issued warning 086 to:

-Provide alex with a adequate running chain as discussed within 7 days.

To follow up next wednesday.
