General Report Comments: I,Hugh arrived at the property and was accompanied by Simoney. We then entered the premises and i saw Joster full of energy. We then walked around and noticed that everything was pretty much the same as last year.

Only difference was that Joster was now sterilized .I walked around and saw that he had shelter,water and was in okay condition.

The environment was clean aswell and the amount of space for him to run was adequate as he is a power breed.

Staff homecheck approved.
