General Report Comments:

Inspector Elani and I,Hugh arrived at the property in order to conduct the follow up inspection.Jaco Lewis then gave us access to the property and we went inside and greeted him.

We did a walk through and we saw that he had installed new waterproofing on top of each kennel.We also went to the gap where Rommel was and they fixed it aswell.They mentioned that they had not yet done the drainage systems but they are planning on doing it in the coming days.The veterinarian was there but since the owner Louis was not there at that moment he could not access it to show us the medication.They were also still waiting on the vet report.

We then walked to Zoe's enclosure and the gap between the gate and enclosure had been fixed to prevent escape.We then asked him when they would be able to put up boards in order to prevent the fence fighting.He then mentioned he will be able to do it by Monday and that he will do 3 of them first to see how it works.We then agreed and left.

To follow up on Monday.
