General Report Comments: Hugh and I, Elani arrived at the property and found Rocco on the running chain. The kennel was still in the same position after we recommended moving it to the shade. There were still hazardous material surrounding his living environment in the form of rocks, rubble and wooden objects. The water bowls were also knocked over and empty.

Nobody appeared to be home. I then issued a warning to:

- 1) Clean Roccos living environment from hazardous material (rocks, wooden structures , rubble) within 6 days.
- 2) Ensure to provide Rocco with drinking water at all times (Place bowl in tyre/ crate filled with bricks)

I left this warning in the door.

To follow up on Monday
