General Report Comments: Hugh and I, Elani arrived at the property and met with the tenant who was at home. He gave us entry to show us the yard the front and back yard are seperated by a sidegate. Both yards are massive. The back yard has a levelled out swimming pool. They want to seperate the backyard as well so that the tenant is on one side and the owner on the other side. According to the tenants the owners will let Patch inside the house. They do have a rabbit and that is also a reason why they want to seperate the bavkyard in two. I do not think Patch is rabbit friendly.
