General Report Comments: Inspector Elani Graham and i,Hugh Lewis arrived at the property.The security then allowed us access and we went inside but we did not see the horses.

Elani then called Jane and she informed us she is on the top where the horses graze. We then took the time to check whether the faeces were removed and it was. We then made our way to her location and we then located her.

We got out to greet her and she allowed us to see the horses .She then showed us that the one horses hooves were trimmed and shod.We also did some investigating and we saw that feeding only lucerne is adequate.

We then went inside and checked the hooves on the horses aswell as the teeth .She then informed us that the the Jeanine Nelson who is part of management on the farm is busy dealing with the shelters.She then sent us proofs of this and mentioned it would be done in about a month.

Owner complied.

To follow up in a month for shelters.
