VETERINARY PROBLEMS / HEALTH CO	Yes ***	Matroosberg c2
CONFINEMENT OF ANIMALS	Free roaming - in property	

General Report Comments: Inspector Elani Graham and I, Trainee Inspector Hugh Lewis arrived at the street in order to do a door to door proactive.

Upon entering the area we saw a possibly old dog who was in poor condition and we asked the people in the road whos dog this was. They then pointed us in the directions of the owner and I, Hugh approached the owner. She then mentioned she wants to surrender the dog named lady and it was surrendered over to us.

14b Matroosberg street-Godfrey Williams

-We approached the house and we met Godfrey Williams sitting in the front of the house. We then greeted him and he allowed us access. We then went inside and we saw a female possibly pregnant dog. We then found no contraventions at this home.

10c Matroosberg-Colin Klaasen.

-We approached the home but called from the outside and saw that there was nobody home but we could see that there were two dogs outside. The brown female was underweight and the black and brown male was in fair condition.

Elani issued warning 197 to:

-Provide your dogs with adequate tick/flea and dewormer for your dogs (especially the female dog) within 7 days

We then later spotted people standing in the yard while we were busy at a different home and I, Hugh approached them. I then explained to them that the warning was left on the gate due to us seeing that the brown female was underweight. The resident in the yard mentioned that the brown dog had just had puppies and I asked her what they feed. She then brought out a bowl of dog food which was adequate and I educated her on how to feed. She also showed me the dogs water bowl and shelter. I then mentioned to her that we would be back in about 3 weeks to see whether she had gained weight and I gave her some deworming. I also gave her some tick and flea treatment. There was another resident who I educated about tick and flea for a female dog who recently gave birth and I gave her some powder. I then gave her our clinic pamphlet and I then left.

8 Matroosberg street-Cyril/Rasieda Johannes.

-Upon approaching the gate we could see a large German shepherd in good condition and another smaller Maltese X who was also in good condition (well groomed). We then called from the outside and Cyril came outside to greet us. He then allowed us access and we went inside to inspect the area. We could see that the dogs roamed freely inside the house as well as on the outside. There was also another Maltese inside the house and Cyril informed us that it was not actually his dogs but was his daughters. We then educated him on tick/flea treatment for the dogs and he understood. We then gave him deworming and shampoo. We then gave him our clinic pamphlet and left.

Matroosberg street 7C-Sophie Barnes.

-We approached the property and met with Sophie Barnes. We then greeted her and she allowed us access to her property. We went inside and saw that she had one boerboel. She also had a cat but she had mentioned that the animals were her husband's animals and she could not provide us with any information as she did not know. The animals were in good condition and no contraventions were found. We then gave her our clinic pamphlets and dewormed her animals. We then left.

While moving to the next house a resident approached us due to his dog being sick and we went to his home. The dog was lively and we mentioned that he should visit our mobile clinic where we would speak to our doctor so she could help him.

18 Matroosberg street-Kim-Monique Groenewald.

-We approached the home and Kim-Monique was there to greet us. We asked whether she had any animals and she showed us a puppy which was her brother's. The puppy looked in good condition and she mentioned that she was sleeping inside the home. On the outside was a large half built informal home which was unoccupied. We noticed that the dog would be able to move in there if she would one day be left outside. Overall the puppy was in good condition and no contraventions were found. I, Hugh then dewormed the puppy and I gave her our clinic pamphlet and left.

5 Matroosberg street-Marthinus Pietersen

-We approached the home and saw two woman inside the property .We then called from the outside and explained to her our reason for being there.She then allowed us access and we went inside. We then noticed that she had two dogs which she claimed was her husband's dogs.We noticed that they had shelter and water but the bowl was not large enough. We then gave her a larger bowl and no contraventions were found.

C6 Matroosberg street-Nowill Jonkers

-We approached the property and we saw some children in the property .We then saw a elderly lady sitting behind a fence and she mentioned that the dog is aggressive.Another younger woman allowed us access and offered to keep the dog away .We saw a black female dog named Lady and they mentioned that she had puppies recently. We could then see that the puppies and lady was in okay condition and we dewormed them. We then gave her our clinic pamphlet and left.

C4 Matroosberg street-Leeheino West.

-We approached the property and saw one tenant sitting in the outside .We then explained to him what our purpose was for being there and he allowed us access.He then mentioned to us that he is not the owner but he would accompany us as the two dogs are aggressive. We then went to the back and could see that the dogs were in good condition. We then educated him on pitbulls that have sensitive skin at times and gave him our clinic pamphlet. We then left.

B1 Matroosberg street-Johanna Julies

-We approached the property and saw a young woman standing at the gate .We then introduce ourselves and she allowed us access. We could see a pitbull who was seemingly old and they mentioned that he had been around for quite a long time. We then gave her some shampoo as he was in fair condition.No contraventions were found and we gave her a clinic pamphlet.

35C Matroosberg street-Johanna Bussack

-We arrived at the property and we met with Johanna. She then allowed us access and we went inside.Her dogs were in okay condition and we also noticed that they had a cat. We then educated them on sterilization as the female dog recently had puppies.She then mentioned that it was her son's dogs.We then dewormed the dogs and gave them our clinic pamphlet .

26 Matroosberg street-Eljerone Diedericks

-We approached the property and saw a pitbull which was in good condition .The owners then allowed us access as they overheard the conversation we had with the neighbour. We then introduced ourselves and we educated them on sterilization.The dog had water and shelter. We then dewormed her and gave them our clinic details.

C2 Matroosberg street-September Lewis

-We arrived at the property and we could see that they had a puppy from the gate .The puppy had suspected mange and we called from the outside.Some tenants then allowed us access and we explained to them why we were there. We then educated them on mange and mentioned that they should inform the owner about our mobile clinic.They then mentioned that they would inform him and we also gave them a large water bowl. We then asked them to fill the water bowl and we dewormed the puppy.

Elani then issued warning 198 to:

- Provide the puppy with adequate puppy food (bobtail)within 2 days.
- Provide the puppy with veterinary treatment within 2 days

32 Bamboesberg street-Anna Absalon.

-We approached the property and Anna was sitting at the gate .She then allowed us access and we

could see that the dogs were in fair condition. The dogs were semi aggressive but she could handle them and no contraventions were found at the property. We then gave them some dog shampoo and left.
