General Report Comments: 31 Bamboesberg street-Johnny Diedericks

-We approached the property and saw a tenant cleaning the property. We then explained to him why we were there and he understood. He then allowed us access and we saw a male dog named tiger who was in fair condition. We then asked him what he feeds and he showed us that he feeds montego classic. He then told us that he had a female dog as well who recently had puppies and we saw that she was underweight. We then educated him on how to feed her and gave him deworming. We also gave him a clinic pamphlet and he understood. We also gave him deworming for the puppies but they were still too young so we advised to give the deworming at a later stage. We then left.

B27 Bamboesberg street-Lissie Masias

-We then approached the property and we could see from a distance that the dogs were aggressive. We then saw the owner standing inside the property and we greeted her. She then mentioned that the dogs were aggressive but we could see the water and shelter from the gate. The dogs were in okay condition and we gave them shampoo and left.

B26 Bamboesberg street-Simon Klaase

-We approached the property and we could see two dogs inside the property. We then called from the outside and the owner came outside to greet us. He then allowed us access after we explained our reason for being there. We saw that he had two dogs which were reasonably friendly and also one which was a bit aggressive as they needed to keep the female named Siska away from us. We then noticed the front area had shelter for them but we noticed that the one male named Brino might have a bit of a skin condition but we could not confirm it. We then advised him to go to our mobile clinic and we gave him our details just to check Brino out. There were no welfare concerns found.

35B bamboesberg street-Lucado Willemse

-We approached the property and we were greeted by a young man sitting outside named Lucado Willemse.

He then allowed us access and we saw that he has a female cat with kittens. We then asked him to show us their water and he brought it outside. The cats look in okay condition and we dewormed them. I then gave them deworming and powder and left.

25 Bamboesberg street-Anna Martin

-We approached the property and we were met with two aggressive medium sized dogs.

Anna Martin was in the inside and she allowed us access. She also kept the dogs by her side while we entered and we saw that the dogs were in fair condition. They had water and shelter. We then left.

23 Bamboesberg street-Desmaine Monk

-We approached the property and saw Desmaine Monk washing clothes on the outside. We then asked her whether there were any animals on the property and she mentioned that she has a female dog with 3 puppies. She then allowed us access and we went inside. We then noticed that she had the female dog and puppies inside the house due to them wanting the pups to get sick. Elani then educated them on the amount of space the dogs need to have and mentioned that we would be coming by in the future to check the space. She then agreed and we gave her deworming and left.

21B bamboesberg street-G.Jansen

-We approached the property and was greeted by Mr. G.Jansen. We explained to him our reason for being there and he understood. He then also had some questions on our mobile clinic which I then educated him on. I then asked him whether he had any animals and he mentioned he had 2 aggressive pitbulls and one jack Russell. He then allowed us access and I could see that the jack Russell was still visibly young. She was quite skittish and I moved to the back where the pitbulls were. I could then see their water and shelter from the gate. I could also see that both dogs were in good condition.
