VETERINARY PROBLEMS / HEALTH CO	Yes ***	Mange
CONFINEMENT OF ANIMALS	Free roaming - property not adequ	

General Report Comments: Elani and i,Hugh arrived at the farm.We went straight to Liens home and we noticed she was not there.

We saw her father sitting on the outside and we saw all dogs .The female dog was in good condition but the three males were underweight where one of the males seemed old/sick.

We called Lien whos number we got from one of the tenants and i spoke to het.I explained to her the situation and she agreed to sign over the dog named vegter who was in poor condition.

We saw the neighbours across Lien who had puppies covered in mange and we spoke to Clarinas(owner) son.He mentioned Clarina wants to surrender the dogs but her son daylin was too young to surrender the dogs to us.

Elani issued warning 210 to:
-Your female(mother)dog with the puppies appears to have mange(severe) and the yard is dirty and full of hazardous material.
1.Provide them with veterinary treatment or preferably surrender those dogs over within 24hours.
2.Clean the yard within 7days.

We arrived at Jadines home and she surrendered her two dogs who has mange .

Elani issued warning 211 for lien to:
-Provide the dewormer for all of your dogs within 24hours.(R100)
-Provide your dogs with dog food within 24 hours.(feed twice daily)

To follow up tomorrow.
