General Report Comments: Hugh and I, Elani arrived at the farm to follow up with Clarina and Lien. Both of them were present at the time of our visit.
Clarina confirmed that she will surrender her mother dog and puppies that has severe mange. The kids helped us to load the dogs.
We wanted to see whether Stephen is home but he was not, he was working so we could not follow up on his puppy.
I then went to Liens house and her father got her for me. She seemed very angry and upset. I explained to her why she received a warning and why the dogs need dewormer again and asked whether she has hotten the money for this. She has three remaining dogs after surrendering Vegter. She went inside and came out again with R100 to buy dewormers for her remainder dogs (see receipt in photos). Lien complied again.
We will return in a week to see whether Clarina has cleaned her yard, whether Stephen has the money for dewormer and whether Clarinas dogs look better. T

To follow up within a week. To take dewormer and simparica with.
