General Report Comments: High and I, Elani arrived at the property and immediately saw two dogs that were on one running chain on the kept right hand side of the property. They did not have access to water upon arrival. They also were kept in between hazardous material such as glass, rubbish etc. the one did not have access to shelter. We then noticed a third puppy kept on the porch on a static chain . He also did not have access to water or adequate shelter. We explained what the owner must do to place them all on running chains and provide water and place buckets in tyres. We agreed that if he works with us that we will provide him with a kennel. He also bought dewormer for all three dogs from us.

I issued a warning to:

- 1)Duke Rex and Rocky lives amongst hazardous material (glass, rocks, rubbish, wood, metal plates) that can cause injury. Remove this within 7 days.
- 2) Rocky is on a static chain. Ensure to place him on a running chain within 7 days.
- 3) Duke and Rex needs to be on seperate running chain within days.
