General Report Comments: I, Hugh arrived at the property and went inside the shop. I greeted the owner and explained to him the nature of the complaint I received.

He called his brother to come and assist me as the animals are not his animals. His brother came and we walked through to where animals are kept.

I saw passing by was a bird cage that was not too dirty but needed cleaning and I informed Mohammed about this which he agreed to.

I saw the goats and they were in fair condition. The goats had water and food but they were tied by their horns. I asked them to untie them as they need to have their space which they agreed to. Mohammed also informed me that the goats were just going to stay there until 5 that same day. I educated them on by laws as well as the APA and they understood.

I then issued notice to comply 035 to:

- Refrain from tying the goats on property as they do not have access to necessities.
- Refrain from keeping goats on residential property.
- Clean birds cage within 4 days.
