CHECKLISTS

General Report Comments: Hugh and I, Elani arrivex at the property and was met by Birgit and her son Scirocco. They have a big house in Diemersfontein seperated from other houses. It is a lovely home. The house has an open yard with a large yard in the front and back. They do not want to take the cats now as the son will be moving to Somerset West and his mother will be gone for about 4 days moving him. They will be more stable around the 16th January 2026 with the son being home and the mother. They would rather want to settle the cats in then as they understand they must stay onside for about a month to get used to the environment.

To do post home next year.
