General Report Comments: Elani and i,Hugh arrived at the property.Johnny was outside to greet us and we asked him whether Stacey had gained any weight.

He informed us that Stacey still looks the same despite him feeding her monteago vuma(puppy food)which he showed to us.He feeds an adequate amount of food which should be certain to have her gain weight.

He told us that he thinks its the puppies drinking on her that causes her to lose weight. We also asked whether he separates the puppies when feeding and he mentions he does move them.

We then dewormed them again and left.We informed him that we will be back within 3 weeks otherwise we would refer him to our mobile clinic.

To follow up in the first week in january.
