General Report Comments: I, Elani arrived at the property and met with the tenant. I explained that I am there to follow up on the dogs weight. She told me their mother is at home and called her for me as the female dog did not come to the front. Eventually, all three dogs came to the front and I could observe a clear difference in all of the dogs weight. Our advice worked and all of the dogs gained weight.

No welfare issues were observed.
