General Report Comments: Elani and i,Hugh arrived at the property.The owners of the farm stopped us and we greeted them.The owner informed us that their dog had brought in a kitten that she had killed with a broken leg.The tenants on the farm do not look after their animals and abuse them.

We explained to him that we would do a welfare check on every house and see how many animals are on each property.He urged us to be strict in educating them as they do not care about their animals.

We approached the homes and there were no welfare concerns found but we educated residents on sterilization.The tenants surrendered all female cats to us and just kept the males. We gave them dewormer and some cat food.
