Comments:	I, Elani called John Abrahams to explain what the letter meant . He was extremely hostile and blamed white people f o complaining and the fact that I hung a contact warning on his gate. I explained calmly what our role is and asked several yimes when he would like to meet. He refused and said nobody will be entering his property and that Law Enforcement etc does nothing and that his dog is healthy and people can mind their own business. I asked again when he would like to meet and he refused. I then yold him I will be taking further steps. To obtain court order to check the welfare of the dog and possibly seize it as he is underweight and struggling to walk.
