General Report Comments: I, Elani arrived at the property and met with Khanyisas mother who was at home. Khanyisa was at an interview whilst I was here.

They have a big property that is envlosed. They have a dog that is kept outside in the backyard. He has access to shelter, water, a car port shaded area and food. He is sterilized and in good condition.

Thuli said that she agrees with the adoption of rhe kitten and that they will keep the kitten inside the house. She mentioned this as I explained that they need to keep the cat inside for the first month. I also suggested that they pick the cat up before a weekend or so when everyone is home to which she agreed. They do use WAHG but I also mentione Die Ark to her for future veterinary concerns.

This is a busy and volatile area but the house is very nice and perfect for a cat.
