General Report Comments: Hugh and I, Elani arrived at the property and found nobody to be home. We were here previously and educated the owners about sterilization.
We observed the two adult dogs and two puppies. This is when the neighbour told us that the 6 pups have died already from being sick, knocked over by cars or attacked by other dogs. This is definitely a law enforcement issue as well.
Today the dogs were inside the property when we arrived. We also observed the dogs to have ticks and could not see drinking water available for them at all.

I issued a warning to:

- 1) Your dogs have no access to water and is full of ticks.
- 2) Ensure to provide water for your dogs at all times.
- 3) Provide all four dogs with tick and flea treatment (Nexguard, Bravecto, Karbadust) within 5 days. You can acquire this from our mobile clinic.

To follow up on Friday. To inform law enforcement about the matter as well.
