General Report Comments: Elani and I,Hugh drove past the property and saw the puppy on the outside of the yard. We then stopped next to the road and saw the owners arrive behind us.

We the proceeded to get out and greeted them.We then explained to them that the dogs are covered in fleas and needs to get tick and flea treatment.Felicia then mentioned that she will buy tonight and that we should take the other puppy aswell.We then explained to her that the mother dog is extremely aggressive and we cannot just walk in and grab the puppy.

She then understood and explained that she will have the mother dog sterilized by 7 March. We then told her to send us photos of the nexguard that she bought.

To follow up tomorrow if she had sent photos.
